Need Statement

The Government has announced their intention to amend the Children and Families Bill, which is currently before Parliament, to place a legal duty on primary schools to offer free meals to all pupils in reception, year 1 and year 2 from September 2014 . The legislation will also include a power to extend the policy to additional year groups in future whilst existing entitlements to free school meals for disadvantaged pupils in nursery classes and at key stages 2-4 will continue as now.
The Globe Primary school has a pupil roll of 600 pupils with 50 % of the pupils entitled to a free school meal. To comply with Government legislation there is a need to find a space to prepare ,heat and serve the meals to enable pupils to have access to a hot free school meal .To achieve this, a space is to be created for a kitchen and dining area in accordance with the attached plans.

Other information on specs

Regarding the drawing and positions of equipment , I am looking at this and will provide indicative locations in the kitchen, I will also forward CAD building blocks of the equipment which Elliotts can slot into their drawing

Please note Elliotts is to supply and fit handwash basin , fly killer , and for preparation sink the Council will supply but building contractor is to fit , all kitchen equipment will be ordered by the Council and installed , Elliotts is to provide all services and electrical sockets , kitchen to have adequate adequate ventilation extract and in flow .

Please find attached data on electrical requirements and some general specs which indicate socket heights, the socket heights for microwaves to be 1900mm and fridges 2000mm,

The standard steamplicity brochure we have is also attached which gives dimensions and shows heights of sockets . We will require a few extra sockets at 1200mm for general use for items such as kettle .
