To Whom it May Concern

RE: The proposed dining hall at The Globe Primary School

The land that the proposed dining hall is to be built in is not allocated as sports land. It is surplus to requirement and is coned off most of the time because it is near to the Year 5 classrooms.

The Globe is fortunate to have extensive sports facilities, a very large field, three court areas and a swimming pool. This building will not infringe on any of these areas.

Yours sincerely
