Site: 7 Applesham Court, South Street, Lancing, BN15 8AU

Proposal: Replace timber windows with Rosewood UPVC double glazed windows at 2nd floor East and South elevations.

Neighbours checked: Y

Additional neighbour notifications: N

Site, Surroundings and Proposal

The application site is situated on the west side of South Street, and is approx. 200m from the A259 to the south. Applesham Court is a 3 storey block of flats, with buff coloured bricks and tan coloured quoins. All the windows within the block of flats are dark brown. No. 7 is a second floor flat on the south outer corner.

The proposal seeks permission to change 3 no. windows of the flat from timber to UPVC windows coloured Rosewood. 2 no. of the windows are facing the front onto South Street, and the third window faces to the south side adjacent to Victoria Court another block of flats. All three windows are visible within the street scene.

The building is not located within a Conservation Area and is not Listed.

Planning Assessment

The key issues are the effect on the residential and visual amenities of the locality.

Visual Amenity

The proposed new windows will be of the same Georgian style and colour as the existing windows, the difference being the material i.e. changing from timber to UPVC. Others have undertaken changes to UPVC windows within the block, namely Flat 1 (AWDM/0585/13); Flat 2 (AWDM/0651/16); Flat 5 (AWDM/0652/16) and Flat 10 (AWDM/1288/18).

It is not considered that the change of materials will result in a loss of character in the building, the colour of the windows will remain the same as the existing colour

used. Many other windows within the building have been replaced with UPVC the change will therefore be in keeping here.

Residential Amenity

The replacement windows will not result in any impact upon residential amenity.
