Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Loss of General Amenity - Overdevelopment - Privacy Light and Noise
Comments:	I object to this proposal in the ground of loss of visual amenity in the area. There are also major scientific concerns around the long term safety of non-ionising radiation emitted from cell towers. 250 Researchers have appealed to the WHO to take this matter seriously and several legal cases are now pending on this matter - in the US, UK and France. https://www.emfscientist.org/index.php/emf-scientist-appeal I urge Worthing and Adur to be forward thinking local council such as New Hampshire and Washing DC, San Diego, Switzerland, 600 cities in Italy, several councils in the UK including Stroud, Bath, Totnes and Frome and Shepton Mallet in putting the long term safety of their residents as a paramount concern. https://ehtrust.org/international-actions-to-halt-and-delay-5g/

Kind regards
