COUNCIL TPO APPLICATION

TYPE OF APPLICATION: TPO

OUR WORKS REFERENCE: 420141

ADDRESS/LOCATION OF WORKS: side of recreation playground, Eastern Ave, Shoreham, BN43 6WG

WHAT3WORDS: pigtails.sweetly.vest

DESCRIPTION OF WORKS:

Our company (Traffic Control 123 Ltd) work on behalf of Enerveo, cleaning necessary street lights and signs of trees/foliage, so as to allow access for maintenance/repair, as well as to maintain public safety.

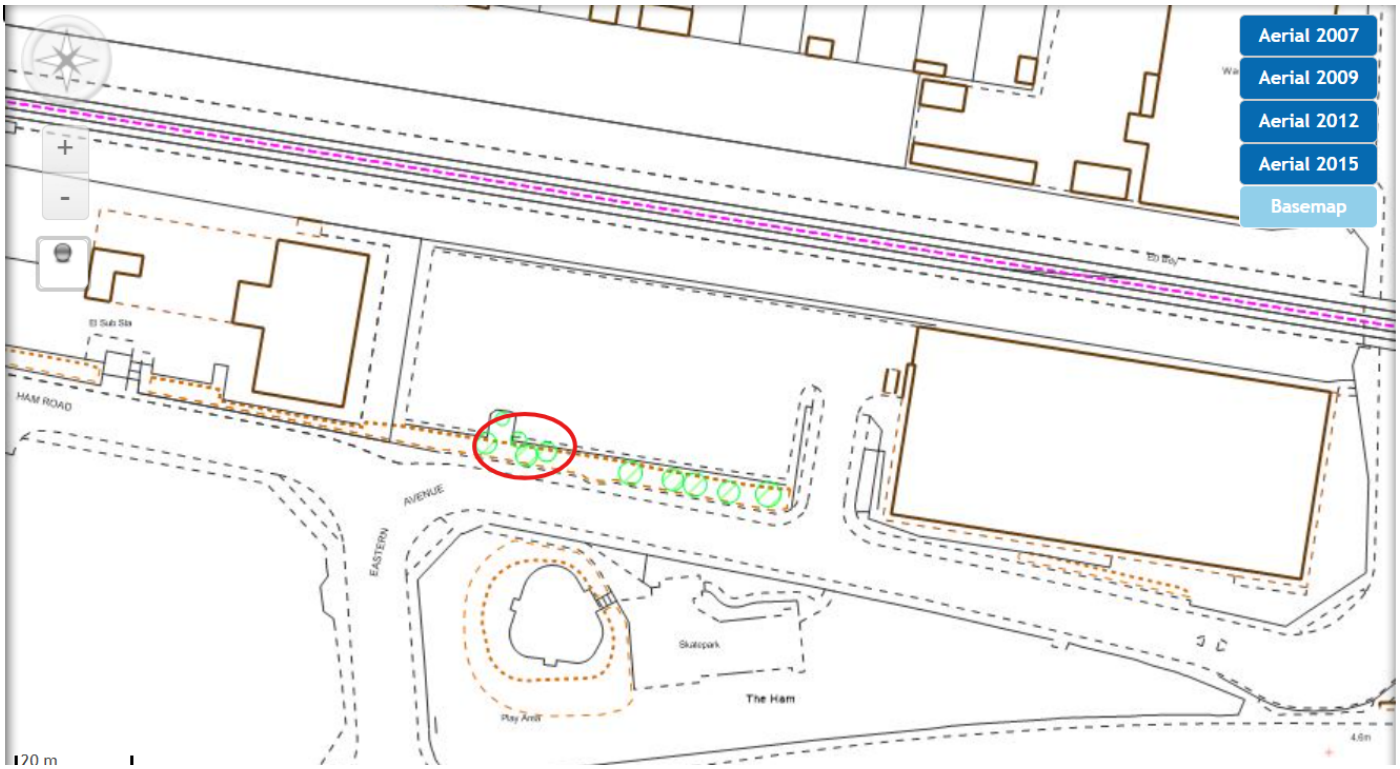
We have been instructed to clear street light column 5 located along Eastern Avenue.

We need to trim the trees surrounding the column, at a 60 degree angle from the light head itself, so that light is able to reach the road below and maintain public safety. We will also need to clear the lighting head by 1m.

I have provided the following details along with site photos taken to highlight the works that are required.

I can see from the council map, that the tree we are required to cut, is affected by a TPO. I am therefore applying for permission to cut a small portion of the branches on these trees.

TPO NUMBERS (IF KNOWN): ATP/342



TREE IDENTIFICATION: SYCAMORE
