High performance luminaires designed to minimise light pollution and energy consumption

Stylish IP66 wall mounted luminaires. Die-cast aluminium body with a choice of high efficiency glass or polycarbonate refractor. Less than 2% upward light. 18W LED, 32W LED and 42W TC-T versions.

Applications: Wide versions ideal for uniform pathway lighting for schools, hospitals, retail and other commercial environments. 32W LED version ideal for general area lighting requiring a forward throw light distribution.

Realta Micro also available for low light level applications or emergency exit lighting.
