Good Afternoon,

When an item is excluded, the exclusion will be ticked as "Yes" and she should be able to see an exclusion wording applied.

RFI Item 2 was resolved in June 2026 by the Surveyor, it has not been excluded.

Kindest regards,

Jack Lines

Hi Jack,

I have been comparing older paperwork with the Development Tracker you emailed on 15 September 2026 for 44A Northbrook Road, Worthing, BN14 8PW.

On page 3, RFI item 2, "Please provide site investigation report", is marked Resolved on 12 June 2026, signed off by Donatas Urba, with "Excluded by Protek: No".

For reference, Jack Hannan at Total Building Control confirmed on 22 October 2025 that he had no concerns regarding potential land contamination based on the site's previous use. Protek acknowledged

uploading that email chain on 28 October 2025. You also confirmed on 10 June 2026 that my email and attached building control report had been uploaded against RFI 2.

Please confirm that my understanding of the latest tracker is correct: RFI 2 has been accepted and closed, with no further site-investigation report or chartered-professional confirmation required from me for that item, and no exclusion applied in relation to it.

If anything has changed since the September tracker, please explain what remains required and why.

Many thanks,
John Stammers
