Subject: Pacinos Ferry Road application re extended opening hours ADC/0404/09

The planning application for Pacinos of Ferry Road to extend its opening hours should be rejected as the shop is situated in a residential area. In its immediate vicinity it has over 100 dwellings some occupied by elderly people.
The public notice of the application has been placed has been placed in the shop window and is unlikely to be seen by any nearby redidents unless the use that particular shop. It should have been displayed more prominently on a lamp post.
