Submission Type:
Customer objects to the Planning Application.

Comments:
I would like to object to this proposed application, in particular the plan for 1st floor extensions at the side and rear of the property. The side extension would affect the light and privacy in my third bedroom. A rear 1st floor extension would have a similar adverse effect on his neighbours at number 79. Allowing an extension above ground floor level would set a precedent for this part of Greenways Crescent, which, if followed by other neighbours, would be detrimental to this quiet location.

Furthermore, my right of access over the shared driveway to my garage would be obstructed for a prolonged period if this building work were to go ahead. This would

force myself and my neighbour to use already congested on-street parking that would exacerbate disruption in the neighbourhood.
