Subject: REVISED DESCRIPTION

Peter

We have agreed in order to clarify the proposed amendment to the original planning permission, the following revised description is now applicable to this application:

Installation of floodlighting to previously approved northernmost community pitch (amendment to planning permission AWDM/0205/13 for construction of 3 No. additional football pitches (1 x grass, 2 x artificial), relocation of reed bed, extension of fencing and landscaping to site boundary) (Includes addendum to previous environmental statement)

I will print out the two site notices accordingly.

Sarah

I agree that sounds better but have amended it further as below:

Installation of floodlighting to previously approved northernmost community pitch (amendment to planning permission AWDM/0205/13 for construction of 3 No. additional football pitches (1 x grass, 2 x artificial), relocation of reed bed, extension of fencing and landscaping to site boundary) (Includes addendum to previous environmental statement)

Thanks

Peter

Peter

I am sending the letters out today but I am worried that the existing description (as in Uniform) is not clear and you are on leave till Monday. Existing one is:

Construction of 3 No. additional football pitches (1 X Grass, 2 X Artificial) including floodlighting to Northernmost community pitch, relocation of reed bed, extension of fencing and landscaping to site boundary (amendment to planning permission AWDM/0205/13 including addendum to previous environmental statement).

I am sending letters today but do you think the following is clearer?

Floodlighting to permitted northernmost community pitch and addendum to previous environmental statement (amendment to planning permission AWDM/0205/13 for Construction of 3 No. additional football pitches (1 x grass, 2 x artificial), relocation of reed bed, extension of fencing and landscaping to site boundary).

If so I can send out a further batch. Let me know.
