To: Marie O'Keeffe <marie.o'keeffe@adur-worthing.gov.uk>

Thanks for informing me of these plans.

I think there may have been a misunderstanding in relation to my comments on the previous plans. After your email to me saying the proposals for no 26 breeched allowable regulations in terms of wraparound nature and height, I never responded to you. I think I should have done so, saying I had no objections to the proposal. I didn't respond, thinking that no further response from me would indicate I had no objection. In hindsight I can see how my original comments would possibly have been taken as me objecting by the Planning Department since I sent them a similar email as to the one I originally sent you.

I think that is why the owner of no.26 has received a letter saying I objected to the loss of light in my dining room the development would cause.

This is all very unfortunate.

Let me say here, that I have no objection to the original plans or to the revised plans.

I hope this planning issue can be satisfactorily resolved as I wouldn't want my neighbour to be involved in unintended costs or delays to his development as a result of a misunderstanding.

Regards
Jack Pike
