I object to the above proposal for a number of reasons. There is no benefit for local residence. It will cause disruption with increased traffic on nearby roads and will attract late night noise around the area. Also, the Goring gap is a unique unspoiled area with uninterrupted views from the sea to the south Downs and is treasured by the local community. Finally, the gap is protected from any development by the local plan page is 58 to 61. Regards, David Wright.
