Dear Sir/Madam

I am objecting to the proposed building of a house in Arun close

The entrance is on a corner, I feel there could be a safety issue there.

It would mean another two or three cars being parked on Test road, as there is often no parking space in Arun close.

It could create a hazzard if more cars were to be parked in Test road at the junction with west street,

as this is a very busy corner

Yours Faithfully
