EIAOPINION/0001/16

Proposed development in Shoreham

Val Veal [redacted] 16 October 2016 at 14:33

Sirs,

I would like to advise how stressed everyone I know who lives in Shoreham is about the proposed new buildings.

Our first concern is the height of the building, the Parcel Force building is already shadowing the town and the roads are at a constant standstill without the proposed additional buildings and extra cars etc.

The infrastructure needs to be improved before any new buildings are approved.
