Dear Sir

Proposed detached garage

74 Parkside Shoreham-by-sea West Sussex BN43 6HA

With reference to your recent application in respect of the above before it can be registered and processed, I should be pleased if you would attend to the following point(s):-

Submit a site location plan to the scale 1:1250 outlining the site in red and any other land in the ownership in blue and showing 2no. road names.

The drawing submitted appears to show some of the Section B-B missing, please amend.

Only one option for the West facing window is required, we cannot accept 2no.opention, please amend.

Submit a first floor plan (showing the correct West window) as this is clearly shown on the sections.

Please ensure that any amended plans have a revised number/revision added to the title so that the latest can easily be identified. I would be grateful for your early response to avoid any further delay with validation; please clearly mark for my attention quoting the above reference and either submit by post or by email to Dawn.Anthony-Unsted@adur-worthing.gov.uk and not through the Planning Portal.

Once this information is received your application will be registered as quickly as possible.

Yours faithfully,

Dawn Anthony-Unsted
Technician
