PLANNING SERVICES

14th. October 2013

Dear Sirs,

Re. Planning Application # AWDM/1197/13.

We wish to comment on the planning application above which refers to the property adjacent to our own.

We suspect that this property may be being used as a nursing/care home for disabled children as the owner described the young coloured lad, who comes and goes regularly, as his 'carer'. If this property is being so used, then I doubt whether it would comply with the relative health and safety legislation

We also note that the plan (existing) appears to be inaccurate in so far as the external access to the tv room is shown as a double door where as it is, actually a 'up&over' garage door. Also no mention has been made of the 2.4m high fence which has been erected between the rear gardens of numbers 2 & 4 Crabtree Lane

Yours Faithfully,

[redacted]

Jenefer & John Kelly
