Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Highway Access and Parking

Comments: Please note these are additional comments to be added to my previous correspondence- If the proposed development goes ahead I will not be able to use my parking bay. I have a 4x4 car and with the proposed parking bay for the additional property at the rear of number 26 it will be directly behind me & I will not be able to manouver my car out of the bay allocated to me without being in danger of damaging either my neighbours car, my own or the car of number 28. I would like to know how you will overcome this problem as I pay a maintenance charge for my bay and the use of the car park. I will be unable to use this facility if the proposal goes ahead.
