Reasons for comment:	- Trees and Landscaping
Comments:	I would welcome the work proposed to be carried out on all these trees. Especially the Oak No.5 due to the overhang of my drive and rear garden as it deposits deadwood, leaves and its fruit onto my land. I would support the application further as the previous owners, whom I know were elderly ladies, could not manage the 'forest' of trees and I believe the work now proposed to these trees will benefit their development and those properties surrounding.
