Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	The square design of this building is very obtrusive, in that it is too high. This, together with the fact that it extends more than 3 metres from the back wall (and therefore beyond the rear of my adjoining house), means that it blocks light. The appearance and materials used are completely out of character in a street of Victorian houses.
