Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	We live in Lancaster road at the end of this properties rear garden and are already subjected to music being played throughout the day and late into the night when the weather allows patio doors and windows to be open. This proposed extension with large bi-fold doors and extending patio area brings the recreation space further into the garden and closer to our property, as their dividing wooden fence is old and decaying with a few shrubs alongside there is very limited screening against noise.
