

The Moon by sea
Noise Management Plan

- All windows and doors will be shut by 10pm to avoid any sound leakage.
- The use of outside will be restricted to 08:00 to 22:00 hours each day. Outside of these hours the furniture will either be cleared away or rendered inaccessible.
- Notices will be displayed requesting patrons to respect neighbours and leave the premises quietly.
- As per the change of use conditions. Any recorded amplified background music shall not exceed 75dBL(A)eq 1 min measured 1 metre from any speaker. At all times any speakers must be mounted on anti-vibration mounts.
- No more than one singer and one musician shall perform at any time and a Piano shall at all times be isolated from the floor. This non amplified music shall not exceed 85dBL(A)eq 1 min measured 1 metre from the entertainers.
- All provisions will be made internally to to mitigate sound leakage via walls and ceiling to fall in line with the change of use conditions specifications from the acoustic report.
