WEST SUSSEX BN15 9TA

REF ADC 10061/11 BALL TREE PUBLIC HOUSE REDEVELOPMENT.

Dear Mr Morgan

With apologies later than Planned.

Regarding above. This can surely be without too much reorganisation can be used as a centre for just about anything. With Stages already in Place, in one Bar also a large versatile Bar Room for whatever i.e. Bingo, Nursery, Games Room Meeting Place etc etc. Which would help keep yobs off the Streets. A respectable outside garden & car Parking All can be used for which ever Purpose, clubs, Societies organisations etc. Budding venue for Musical groups & so on. etc.

Proposed Development would be unsightly cause More traffic at an already Busy Junction jeopardising road Safety on access & egress. Proposals would be over development & eyesore, not fitting in to an older Part & Historical Part of the Village i.e West Street

PTO

to lose yet another Part of Sompting Heritage.
Heritage suggestion could be Sompting Museum.
Redevelopment should be DENIED

Trusting this will do something to retain a Bit of the old Village
With the future sale of Council Building in Shoreham, the Ball Tree could be used as Council offices.

Yours Sincerely
