YOUR COMMENTS ON THE CASE

We have experienced ongoing damp problems in our property for a number of years. We have taken internal steps to remedy this but building contractors tell us that the issue is with the external walls. The building is in need of an external overhaul to both enhance and maintain the fabric of the building. Having this upward extension gives us the opportunity to do this remedial work as well as to update the outer look of the building and entranceways in keeping with a more modern aesthetic which will benefit the neighborhood.
