Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design
Comments:	I support this application. The design is simple and well thought out. The proposals will change the building from it's current hotchpotch design into something altogether more attractive. I would like to request that the builders are limited to working during the week only - and during reasonable hours - for example 07:30 to 18:00. I am requesting this so I can continue to enjoy peaceable occupation of my home. I hope they can understand this.
