**Subject:** Planning Applications 7 & 9 The Meadway, Shoreham by sea

Dear Sirs

Further to your letters regarding the above developments (ADC/0256.09), I would only comment that since these buildings were replacing single storey bungalows, there may be an issue of our property being overlooked by the first floor windows.

Please advise the developers that every effort should be made to protect our privacy into the back of our houses and gardens.
If this issue is addressed, there are no other issues from our point of view. However, the issue of privacy into our back bedroom, garden room and garden is serious and needs to be taken into account with any development.

Thank you

Yvonne Campbell, 11 Old Fort Road, Shoreham by Sea
