Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	From the submitted plans the rear elevation appears to have a large amount of glass which is a significant increase on the current property and raises a concern regarding privacy of our property. It would be good to understand if this is the case and whether

there are any plans to introduce any screening at the back of the property to mitigate this impact
