Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise - Trees and Landscaping
Comments:	In the last 4 years a significant number of mature trees have been felled within the conservation area in close proximity to our house. This has had a detrimental impact on the Conservation Area as a whole, as well as wildlife and privacy. Whilst we have made every endeavour to counterbalance this by planting a number of trees within our own garden, the increasing tendency to remove trees is counter to maintaining the integrity of

the Conservation Area and privacy within the community.

We are grateful for the opportunity to express our views as part of the decision making process. It would be great if a compromise or more sympathetic solution might be reached.

Kind regards
