Hi Peter,

Thanks, the toilet provision is now adequate. There is an accessible toilet which is good to see. Is the front door to the restaurant also accessible?

I have no objections to this scheme being approved with the sound insulation condition discussed.

Kind Regards

Michael Lavender

I hope you are keeping well.

Please find attached delivery and servicing plan together with amended drawings showing sound insulation details and toilets. We are also happy for the sound insulation details to be conditioned as mentioned on the amended drawings.

I will be greatly appreciated if you can review them and let me know if there is any other amendments required to bring the scheme,e to an approvable state.

I look forward to hearing from you at your earliest convenience.

Kind Regards,
