Reasons for comment:	- Privacy Light and Noise
Comments:	The garden of no 17 is already approx 1 foot higher than that of mine at no 19. The proposed decking for no 17 is then built up about four feet from ground level, making the overlook of my garden approx 5 feet, thus allowing complete view of my garden . The existing fence was heightened by the previous owner and I request that the replacement fence is kept to the height of the present one. this is approx. 8 feet high from no 19 side.

Kind regards
