4th December 2007

Dear Mr. Appleton,

Planning Application WB/07/1375/Full

Thank you for your letter of 19th November advising me of the proposed development at 46, Rose Walk.

My wife and I have looked at the plans and our only concern is that there is a window on the south-facing wall of the upper story of the extension, which overlooks our patio area. This will have an adverse impact on our privacy, which can be avoided if the window glazing is with frosted glass.

I trust our concern will be seriously considered before a decision on this planning application is made.

Yours sincerely,

[redacted]

Peter Treagust
