

Dear Ms Morin,

I hope you are well.

I am writing regarding the planning application with reference number AWDM/0063/26.

One aspect of the proposal that concerns me is the impact on our shared wall. As you may be aware, an opening has already been created in this wall previously to install a fish fryer extraction system. My concern is that creating a second opening in the same wall may further weaken or damage the structure.

I would be grateful if you could please clarify whether this additional opening is necessary, and how any potential structural issues or risks to the wall will be addressed.

Thank you for your time and consideration. I look forward to your response.

Kind regards,

Seyed Hosseini
