Subject: Re: AWDM/1019/16 - Co-Op, Ham Rd, Shoreham

Flag Status: Flagged

I have taken a look at this site, and I do not consider the three Sycamore trees in the brick built planter are worthy of being protected. The trees are small self seeded trees with no definable form or shape and unlikely to form significant trees. The application is to remove the trees and replace with a sign, will the planter retain its existing shrubs/ be replanted, or is it proposed to be cleared?

Many thanks
