PLANNING SERVICES

Dear Ms. Crease,

17 Whiterock Place, Southwick. AWDM/0154/15

Following your email regarding additional information and amendments to the deposited plans please find enclosed two copies of the following.

a) New drawing No. 04 showing the west elevation.
b) Block plan with location of extension.
c) Amended plans / elevations with orientation shown.
d) Deletion of note regarding scaling. (Please note that this has been on over 1500 applications and in 2014 was accepted by Adur D.C.)

We have no objection to the revised description and trust this can be registered and given a speedy approval.

In respect of the balcony, this has been in existence since 2003 and I enclose a copy of the approved drawing. Your enforcement officer Mr. John (Lathan?) and Mr. Rex Wells from Building Control in 2003 inspected and approved the work. No change has been made since that visit, and to my client's knowledge no complaints have been made by the neighbours.

Yours sincerely

[redacted]

Terry Rickards AMASI

Encl : As listed above

Mr. A. Carne
