Comments:	I've suddenly heard that further changes are planned to the flood defence situated to the rear of our garden. I'm disappointed to hear that you are intending to shift the new path / wall closer to our houses - Please explain why this is now being proposed? Won't this increase the risk of possible landslide due to the steepness of the bank? Also I hear that you are no longer committed to the landscape of the new bank, and this will be the boat owners responsibility. This would be a good time to really tidy up the look and feel of the bank. Your workers have spent weeks tidying the bank which the boat owners have used as a refuse area. Please reconsider as it appears that you have forgotten those who live in River Close. Regards Chris
