Dear Eve Hearsey,

Having received the plans today for the single rear extension to 44 Halewick lane, Sompting of which is joined onto our property. We are having doubts on the amendments. We do not mind the extension going ahead but want it noted that we do not wish it to be on our boundary line because there is a drain pipe there too. So we would be happy if they would leave a 3ft Gap. The gap that is there now is about 3ft and that is where we would like it to be left at. Also i don't know if they are aware but there is also a sewer pipe drain which is at the moment hidden under the patio under concrete of which the previous tenant done. We were always told this had to be available to reach incase of emergencies.

Kind regards
Mrs S Thayre
