Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Privacy Light and Noise

Comments: Our concerns with this proposed extension is we will lose considerable light in our sun-room which we use as a family dining room. Although we are a south facing garden, the light we receive into this room at the end of the day comes from the west. With the proposed brick built entension at the side of our window which will extend a further meter; coupled with a 7-8ft bay tree at the end of the proposed extension our light into this room will be reduced considerably.
