WORTHING SOCIETY CONSULTATION RESPONSE

AWDM/0786/25: WARREN LODGE, WESTERN PLACE, WORTHING BN11 3LU
Removal of existing 1980's wood and glass rear conservatory and associated works of making good.

Thank you for requesting the Society's comments in respect of the above proposal. The host building is situated within the Marine Parade and Hinterland Conservation Area. However, this building is not Statutorily Listed or included on the Local Interest List.

I have now had the opportunity to discuss the application with our Heritage Team. We note that the conservatory is at the rear of the building and not in good condition. No new development or structure is planned and the rear elevation of the building will be made good. The removal of the conservatory, which is only partially visible from the road, will not, in our view, have a detrimental effect on the conservation area.

I am therefore pleased to advise you that we have no objection to this application.

Yours sincerely
