**FOR THE ATTENTION OF MR M PORTER**

Dear Mr Porter

**Application No: WB/11/0150/FULL**
**Location: Sunhill Court, Mill Lane, Worthing, West Sussex**
**Proposal: First floor & ground floor link to first floor extension allowed under WB10/0381/FULL.**

---

The High Salvington Residents' Association wishes to comment this application as follows:-

The plans lodged by the Applicant are complex, confusing and appear incomplete, to the point where ordinary members of the public viewing them are unable to establish where the proposed construction is intended to be; what it will look, like or what its dimensions will be. I could not understand the plans or judge the effect of the proposal on the neighbouring properties, and I have received similar complaints from two other residents who viewed them.

The Association does not object to the construction of the link, as it is a fire and safety

requirement, but we do ask that clearer plans be submitted by the Applicant before the application goes before the Planning Committee, and that the public consultation peroid be extended so that members of the public have a chance to see and understand them properly before a decision is reached.

Yours sincerely
