Reasons for comment: - Trees and Landscaping

Comments: I have received notification of the proposed building work at 31 Mountview Road...whilst i do not have any objection to the actual work i would like to know that the trees and bushes at the end of their garden will not be affected as these will provide the privacy and seclusion once the work is complete. If these are removed then the proposed work will overlook into my garden, which at the moment does not happen.perhaps you could confirm that these plants will remain insitu.
