Address: 17 Harvey Road Worthing West Sussex

Comments Details

Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Other

Comments: I am supporting this application as an opportunity to provide a small and sensitively designed amount of housing that includes open space, landscaping and room for families to live beyond and in addition to the flat and apartment development in the Shoreham area. The application seems to address all the major reasons for objection well. This provides the opportunity to balance property and styles for people wishing to stay, settle and contribute to the Shoreham area. This type of well designed, and considered development which

recognises and respects the surrounding area provides an alternative and environmentally friendly opportunity for family living in the Shoreham area. It also removes what are old, unused and dilapidated barns that provide no value or purpose to the immediate area. This is a forward looking plan that with the right design will be a benefit to the area.
