REASON FOR REPORT

Request to carry out reduction works to three trees in rear garden of property. The property is off of the main highway along an un-adopted road. The trees are further hidden by a tall conifer hedge. None of the trees can be seen from the road.

REMARKS / CONDITION:

T1 = Tree is in generally good health with no major signs of damage or decay, although no close inspection was carried out. This is a small tree with a crown that breaks out at around 1-1.5 metres.
T2 = Large twin stemmed tree with a moderately dense crown. There appears to be some damage to the base of the tree although no close inspection was carried out. Previous reduction works have been carried out.
T3 = Magnolia tree at far end of rear garden. Small tree with open crown and a spreading habit.

WORK / REQUIREMENTS;

T1 = Crown reduce by up to 1 metre.
T2 = Crown reduce to original points which could be up 2 meters on the longest re-growths.
T3 = Reduction in height up to 1 metre and reduction in crown spread by up to 2 meters.

Recommend above works be permitted.
