Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	I live on Station Road in Worthing and I want to object to this because it will make the parking and traffic problems round here even worse. Parking is already a nightmare, especially on Fridays, with cars coming from the mosque taking up all the spaces and pushing residents out of their own street. A lot of the time you end up having to park streets away just to get home. Making the building bigger and adding more rooms when there are only a few parking spaces on site is only going to add to that problem. Station Road is only a short walk from the mosque, mainly through the Ivy Arch tunnel, which is narrow and already busy. When it gets crowded, that tunnel and the roads around it struggle to cope. This is not about religion or anything like that, it is about traffic, parking and people being able to live normally in their own homes, and that is why I don't think this plan should go ahead.
