Letter of support for planned extension of 15 George V Avenue.

To whom it may concern.

Matthew and Olivia Unsworth have requested us to confirm we are happy for them to extend their property 15 George V Avenue. We have spoken to them and they have explained they are moving from their flat to the new address to require more space for their small family.
We are happy to give this letter of support for them to extend and have no issues with the proposed project.
We have discussed together the proposed project and are aware that they are extending to the identical size of their other neighbours at 17 George V Avenue.

Kind regards
