Customer Details

Name: Mr THOMAS BROWN

Email: [redacted]

Address: 24 Ridgeway Close, Southwick, Brighton, West Sussex BN42 4QQ

Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Overdevelopment

Comments: Due to being unable to attach photos, they have been sent to Gary peck Saturday the 7th September at 4 pm. These photos include the over building already completed at this address, without relevant council checks and presently in dispute.
If the council officer who made the application report for the garage certificate of lawfulness, can show where within these grounds there is over half the garden left to develop on. There has obviously been false information provided to the planning committee by inspectors or the architech, as this garden is clearly over 50% developed on. this is why complaints to enforcement have been made, which are being ignored. Solicitors are now dealing with this, and both mr peck and the residents will be contacted in the next few days . The enormous garage , built up against the boundary, towering over fence and permitted development height, has been built with no planning permission. Before any considerations are made to this or any other building applications are made the present objections already made need to be investigated. Adur council are legally obliged to uphold Town and Country planning
