Dear planning officers,
I have received a planning application form notice for BT to have extra storage to the side of my house. I thoroughly object to any more storage of BT equipment. The reason being that the BT staff don't seem to have any time restraints or noise restraint and are coming in at all hours of the night with equipment sometimes at two and 3 o'clock in the morning, waking up With no concern to the people around them, and I fear that this is only be worse with any more storage and equipment that they have there. I also feel that this would be a complete eye saw on something that is at the moment Just seeming to be a car park.
Regards kerry Chilcott
