Hi Peter,

I have no objections in principle, however, I would recommend that we are consistent with the times of use with that of the Sir Robert Woodard Acadaemy. There could be vocal noise as people gather to take their turn to bat. The noise of the bat against the ball could also be quite annoying. For these reasons I would recommend that a condition be attached to any permission requiring the applicant to prepare a Noise Management Plan for the Nets covering issues such as community liaison, complaints procedures, student briefings and preventing unauthorised use.

Regards
