PLANNING SERVICES

Dear Sir/Madam.

I would like to object to the proposed plan of an extraction flue to the rear of my property.

My objections are based on,

1:- The increased traffic and parking problems in the area, which the council seem to be doing nothing about.

2:- The noise and smell of a greasy extractor going on all day, into the evening and possibly late at night. As I am sure the council is aware, noise travels further and louder at night. This will in the summer months prevent me from having my windows open, effectively locking me in my home.

Take aways should be on the high street and not in residential areas.

Yours
