INFORMATIVES

1. The Committee was mindful of the principle of development having been already established and the strong similarities between the illustrative scheme shown at outline stage and the detailed proposal. The design was acceptable subject to some refinements and no harm to neighbour amenity would result. The reduced parking was satisfactory in view of the nature of flats proposed and the sustainable location. The access arrangements were not objected to by the Highway Authority and were unlikely to give rise to significant safety issues.

2. The decision to grant planning permission has been taken having regard to the saved policies and proposals in the Worthing Local Plan 2003 and the West Sussex Structure Plan 2001 – 2016 set out below, and to all relevant material considerations, including Supplementary Planning Guidance:
