Re: AWDM/1/15.
Meeting 09.09.19.
Land sw of Flyover Steyning Rd

Dear Sirs,

I seem to be unable to access the on-line facility. I wish to comment on the above.

"The A283 is at a standstill now at busy times. Add traffic from the flats being constructed, plus those proposed and it will become impossible. Pedestrians already have difficulty crossing to & from the river path. The noise & fumes from traffic are becoming a heath / mental health hazzard to nearby residents."

Yours faithfully

[redacted]

(I did e-mail, but was not sure if that was acceptable.)
