SCHEDULE

Reasons for Granting Permission

01. The proposed development is within the built-up area and would help meet the need for additional housing without detracting from the existing local urban environment. It can take place without resulting in unacceptable detriment to the amenities of neighbouring properties and without detraction from highway safety. It would consequently not conflict with the relevant policies of the Adur District Local Plan (AG1, AH2).

Conditions

01. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: *To comply with Section 91 of the Town and Country Planning Act 1990.*

02. No development shall take place until details of all boundary walls and/or fences have been submitted to and approved in writing by the Local Planning Authority and the building shall not be occupied until such walls and/or fences have been erected and they shall thereafter be retained permanently

Reason: *In the interests of amenity and to comply with saved policy AH2 of the Adur District Local Plan.*

03. The access from the site to the public highway shall be designed, laid out and constructed with kerb radii, visibility splays and sight lines in all respects in accordance with plans and details to be submitted to and approved in writing by the Local Planning Authority before any other operation or use authorised by this permission is commenced. Thereafter such visibility splays and sight lines shall be kept clear of any obstruction.

Reason: *In the interests of highway safety having regard to Manual for Streets.*

04. Secure, covered cycle parking shall be provided within the curtilage of the site in accordance with details to be submitted to and approved in writing by the Local Planning Authority prior to the commencement of development hereby approved. Such approved cycle facilities shall be provided on the site prior to commencement of use of the dwelling hereby approved and shall thereafter be retained permanently solely for such purposes.

Reason: *To encourage and provide for a sustainable non-car mode of transport in compliance with the National Planning Policy Framework.*

PTO

05. The access shall not exceed 3 metres in width and shall be laid out to provide visibility splays on each side of its junction with the existing public highway. These splays shall be 2 metres by 2 metres on each side of the access based on the existing highway boundary. No other work shall be carried out on the site until the above mentioned splay areas have been provided and thereafter they shall be kept free from any obstruction to visibility in excess of 0.6 metres above the level of the adjoining carriageway.

Reason: *In the interests of highway safety.*

06. No development shall take place unless and until there has been submitted to and approved in writing by the Local Planning Authority a scheme of soft and hard landscaping, which shall include indications of all existing trees and hedgerows on the land and details of those to be retained, together with measures for their protection in the course of development. All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner, and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority gives written consent to any variation. The approved details of hard landscaping shall be completed prior to occupation of the building.

Reason: *In the interests of visual amenity and the environment and to comply with saved policies AB25-27 of the Adur District Local Plan.*

07. No development shall be carried out unless and until a schedule of materials and finishes to be used for the external walls (including windows and doors) and roof of the proposed building has been submitted to and approved in writing by the Local Planning Authority and the development shall be completed in accordance with the approved schedule.

Reason: *In the interests of visual amenity and to comply with saved policy AH2 of the Adur District Local Plan.*

08. Prior to the commencement of development, details of the floor level of the proposed building and any alterations to the ground levels of the site shall be submitted to and approved in writing by the Local Planning Authority and the development shall be carried out in strict accordance with such details as approved.

Reason: *In the interests of amenity and the environment having regard to saved policy AG1 of the Adur District Local Plan.*

09. The rooflights on the north-west roofslope of the dwelling hereby permitted shall at all times be obscure-glazed and non-opening (except that part which is above 1.7 metres above the floor of the room in which the window is installed) and it shall not subsequently be altered in any way.

Reason: *To prevent overlooking and to comply with saved policy AH7 of the Adur District Local Plan.*

10. The hard surfaces shown on the approved drawings shall be constructed and thereafter retained using only permeable materials and/or a permeable construction or alternatively provision shall be made and thereafter retained to direct surface run-off from the hard surfaces to a permeable or porous area or surface within the curtilage of the site.

Reason: *To reduce the risk of localised flooding and in the interests of sustainability having regard to the National Planning Policy Framework*

11. This permission relates to the following approved plans date stamped received 16 April 2012:
Drawing No. 2.01A (Proposed Plans and Elevations)
Drawing No. 2.02A (Proposed Block Plan)

Reason: *For the avoidance of doubt and in the interests of proper planning.*

Informatives / Notes to Applicant

01. The applicant is advised to contact the Coastal Team, Community Development and Big Society, Communities and Infrastructure Directorate, Centenary House, Durrington Lane, Durrington, Worthing, West Sussex BN13 2QB, Phone: 01243 642105, to obtain a license for the site access works
02. Precautionary land contamination

If during development, any visible contaminated or odorous material, (for example asbestos containing material, stained soil, petrol/diesel/solvent odour, underground tanks or associated pipework) not previously identified, is found to be present at the site, then no further development (unless otherwise agreed in writing with the Local Planning Authority) shall be carried out until it has been investigated by the developer. The Local Planning Authority must be informed immediately of the nature and degree of the contamination present and a method statement detailing how the unsuspected contamination shall be dealt with must be prepared and submitted to the Local Planning Authority for approval in writing before being implemented.
